

Capri Cosmetology Learning Centers' Students Visit Vasken Demirjian's Award Winning Salon, White Plains NY

Students from Capri Cosmetology Learning Centers attended "Class with an Edge" advanced educational class held by Carlos Citron, winner of the North American Hairstyling Awards (NAHA) 2011. Capri would like to thank Vasken Demirjian of Vasken Demirjian Salon located at City Place at Trump for inviting our students to participate in this prestigious event. Carlos used Capri students as models to demonstrate the different cutting and texturizing techniques.

Our students who attended learned new and valuable skills and techniques, which no doubt, they will use for the rest of their careers. They also had the opportunity to meet Capri's graduates who are currently employed by Vasken Demirjian, who himself is also a graduate of Capri. Both Vasken and Carlos graciously gave our students some important words of wisdom and knowledge on what it takes to develop a stellar career in our industry. We look forward to the upcoming educational event, which will be held in early spring 2012.

Thank you again Vasken Demirjian and his talented staff for this wonderful event.
